

RAMANUJAN WEEK AT IPS

'Math is not about numbers, equations, computations or algorithms: it is about understanding'.

The seeds from Ramanujan's garden have been blowing on the wind and have been sprouting all over the landscape. With an aim to create an interactive and interesting learning of Mathematics, Indore Public School, Main Campus organised 'Ramanujan Week' from December 16 to 20, 2019 to create awareness and honour the famous Mathematician, Sir Srinivasa Ramanujan on his 130th birth anniversary.

The celebration of closing ceremony commenced with the lighting of ceremonial lamp. The week culminated with several activities and Competitions like Puzzles, Calculator Brain Activity, Skit on the life history of Ramanujan, Maths Relay, Rubik's Cube Solving, 3-D Shapes Making Competition and Mega Quiz which were conducted for Grades I to XI. The Display of Fibonacci series, working models, charts, puzzles with interesting facts related to numbers, etc. were put up in the exhibition to showcase the talent and enhance the knowledge of students. Students also presented a Skit on the life and work of Ramanujan highlighting his invaluable contribution to the field of Mathematics.

President Sir, Ar. Achal Choudhary expressed admiration for the conduct of this successful event which fascinated the students about the exciting world of Mathematics. Congratulating the efforts of Math Department Principal Ms. Sudha Pandey quoted that the whole purpose of this celebration was to remove the fear of mathematics from the mind of students and make them friendlier with numbers and its operation.

The program concluded with Vote of thanks proposed by Mr. Raman Singh Panwar, HOD Math Department.
